

Always thankful to them

This good combination of original photographs and their re-enactments. The original photographs are from the personal archive of the named families at the end of this road.

The idea behind this good project was a perfect way to introduce people and, using the imagination, they kindly provided, to get an idea of what people usually encounter of numerous people and, using the imagination, it would be like to step into their families, their photos.

A Step Into Others Photos
